IMPORTANT CIRCULAR TO OUR VALUED CUSTOMERS
FORUM PACIFIC V15 – CHANGE OF ROTATION

Due to some exceptional weather patterns lately there have been some significant delays to our schedule. It has been decided to change the rotation of V15 to call Rarotonga first. This decision has been taken so we can facilitate delivery of some cargoes adversely affected by these recent issues and we will then return to our normal service.

The revised schedule for V15 is as follows-

PORT	ETA	ETD
Auckland	21 June	22 June
Rarotonga	30 June	01 July
Niue	04 July	04 July
Nukualofa	05 July	05 July
Vavau	06 July	06 July

Normal voyage rotation of Auckland/Nukualofa/Vavau/Niue/Rarotonga will recommence from V16.

Thank you for your understanding and patience with the recent delays and for your continued support.

If any further information is required please do not hesitate to contact your nearest Reef office or agent.

Yours sincerely

EWEN GRANT
