SOUTHERN PASIFIKA - UPDATE

Firstly REEF SHIPPING apologises for the delays to the Southern Pasifika but we have been working tirelessly in the last two weeks to either get her out of drydock and back to Fiji to resume her normal schedule **or** to find a replacement vessel.

Sadly it seems that the best option for us now is to take the option of chartering a replacement vessel. We have pleasure in confirming the **MV EGERNSUND** will take over the Fiji to Tarawa and Majuro service commencing Voyage 31 from Suva on 09 April

The forward schedule is :

Port	V31	V32	V33
Auckland	04/4		
Suva	09-10/4	29-30/4	18-19/5
Tarawa	17-18/4	10-11/5	02-03/6
Majuro	19-20/4	12-13/5	01/6

Note as previously advised the first voyage only will go in reverse rotation

We do apologise sincerely for the delays and assure all shippers we are dedicated to resuming a regular and reliable shipping service

If you have any further questions please call your nearest REEF office

Many thanks
