IMPORTANT CIRCULAR TO OUR VALUED CUSTOMERS

SOUTHERN TIARE – MAJURO SERVICE

As most of you will know, *Southern Pasifika*, the chartered ship previously used for our service to Majuro has been held up in dry dock at Auckland for many weeks. The owners of the ship are presently unable to say if or when that ship might return to service.

Accordingly, we will be repositioning our own ship *Southern Tiare* to meet our Majuro customers' needs for the next three months, until a permanent replacement for *Southern Pasifika* can be put into the service. The new schedule for our Majuro service for those next three months is therefore as follows:

<i>Southern Tiare V103</i>	ETD Suva 17.04.2011	ETA Majuro 23/24.04.2011
<i>Southern Tiare V104</i>	ETD Suva 08/09.05.2011	ETA Majuro 15/16.05.2011
<i>Southern Tiare V105</i>	ETD Suva 29/30.05.2011	ETA Majuro 05/06.06.2011

We believe that this will ensure uninterrupted service to this trade, and thank you for your understanding of the required change.

For any further information, please contact your nearest Reef agent.

Yours sincerely

Ewen Grant
TRADE MANAGER
