Reef Shipping - Introduction of Tauranga call

Dear Valued Clients,

Due to the increased speed of our new vessel the Southern Fleur and ongoing customer requests, Reef Shipping is please to announce we will be adding Tauranga as an additional port call on this service commencing Southern Fleur v185s eta Tauranga 27th May.

Tauranga will be called prior to Auckland every alternate voyage and depending on volume, we may look to call Tauranga every voyage.

With her enhanced speed options Southern Fleur will maintain an 18 day schedule from Tauranga and Auckland.

The port of Tauranga is one of New Zealand's busiest hub ports, moving large volumes of cargo such as steel, timber, dairy products, various forestry products, coal and bulk liquids. This will allow the Southern Fleur to cater for the export volumes out of this very important region.

This exciting addition will allow shippers to connect to **Noumea, Fiji, Vanuatu** as well as connect with our transshipment service to **Tarawa, Majuro and Federated States of Micronesia**.

The forward schedule will be as follows:
